Please don't forget we need cards in Spanish, French, Creole, and Vietnamese too!

Please make sure to  
proudly sign your card!

The cards mean A LOT more to kids  
when you sign your name!

Okay simply the first name will do, but you can sign your card proudly 😊

The whole point of the cards is to make the kids forget they're sick for a moment. Cards cannot be delivered if they refer to the children's current health status.
